Water treatment products

No. 10 SEDIMENT FILTER

The Pozzani No 10 Sediment Filter Removes dirt, sediment, rust & other solids using a spun polypropylene filter which has a high capacity for solids yet is easily and economically replaced.

CARTRIDGE RATING

Available in the following nominal micron ratings:-

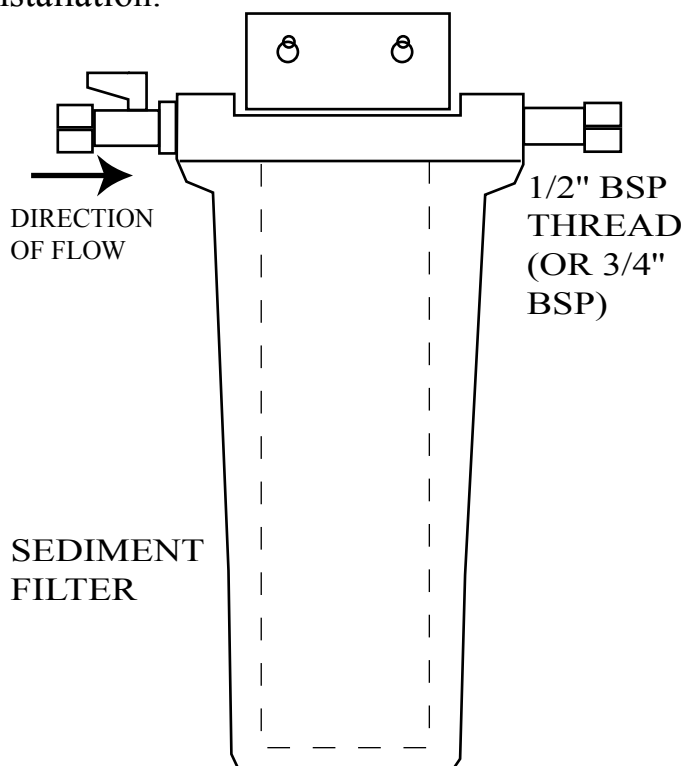

- 1 micron - SM1
- 5 micron - SM5
- 10 micron - SM10
- 20 micron - SM20
- 50 micron - SM50

Other ratings available to order.

If you are unsure of the rating required, we suggest you start with a 5 micron cartridge.
