## Water Treatment Products

# Nº10 TWIN - REMINERALISATION AND GENERAL PURPOSE WATER FILTER SYSTEM

### System Overview

Pozzani have combined a remineralisation cartridge - either the JU600 or the JB600, with a general purpose cartridge IX600 - to achieve efficient re-hardening of water, adding minerals which may be absent in some drinking water supplies together with the reduction of chlorine, dissolved organics, heavy metals and a wide range of other pollutants.

This system is also ideal for water treated by Reverse Osmosis Systems with often strips minerals from drinking water giving it a bland taste.

### Cartridges and Performance

- JU600 Straight Calcium** - cartridge contains slowly dissolving Calcium and is recommended for water that has a pH value above 6.
- JB600 Calcium Magnesium** - cartridge contains a blend of Calcium and Magnesium media to raise the pH of water and is recommended for water which has a pH value of below 6 or a high flow rate.
- IX600** General purpose multi-stage cartridge will remove chlorine, heavy metals, dissolved organics, oestrogens etc. Dirt and suspended solids are removed down to 5 microns.

**Choice of Tap** - See pictures at bottom of page

**Easy Installation** - See picture opposite

### Technical Data

- Dimensions** 350mm (H) 270mm (W) 110mm (D)
- Max. Input Pressure** 6.5 bar - 95 psi
- Max. Flow Rate** 3 litres/min
- Temperature** Minimum 5°C ~ Maximum 40°C
- Cartridge Change**
  - JU600
  - OR - 6 months
  - JB600
  - IX600 - 6 months

### IMPORTANT:

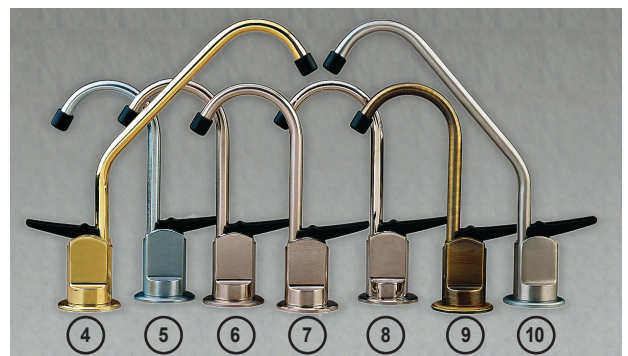

Maximum operating pressure rating is 95psi, we recommend the fitting of a pressure regulator if feed pressure is expected to exceed 90psi. Ambient temperature operating range is 5°C to 40°C. Protect housing from cold, frost and excess heat.

### Tap Choice

Whatever your decor, Pozzani offer a choice of taps to suit, chromium (standard), various metal and ceramic painted finishes

Coloured taps - 1 White, 2 Brown, 3 Almond

Metal taps - 4 Polished Brass, 5 Brushed Chrome, 6 Brushed Nickel, 7 Satin Nickel, 8 Polished Nickel, 9 Antique Brass, 10 Brushed Stainless
